The Cleveland Museum of Art,
Frederick Allen Whiting, Director,
Cleveland, Ohio.

Dear Mr. Whiting:-

Your letter of July 2nd is at hand and I thank you for your order. I am entering your subscription for two copies in bronze of the Peace Medal. Although I shall try my best I fear it is now too late to secure examples commemorating the visit of the British and French War Commissions. Regarding this I will write you later. You are correct in understanding that the price for this medal is five dollars. I would suggest however, that you let us send you a bill after they are mailed.

I am wondering whether you would care to entertain the suggestion that you have your Library enrolled as an associate member of our Society. They would thereby receive all our publications and your Museum would be entitled to subscribing for medals limited to our members, circulars would otherwise reach you. As a case in point, I am *enclos-*ing a folder for our Independence Day Medal which is just being published and which is limited to our members. The cost of the Journal should you order it, without becoming an Associate Member is five dollars.

Concerning spots on the Catskill Aqueduct Medal I will notify you in the early part of next week. Our Curator is absent on his vacation and the office of the place who made the medal is not opened to-day.

Very res. *faithfully yours*
Secretary

Gentlemen: (Volume 53 -(2 pts) is the last we have received)

Our Library is growing so rapidly and being so used by the community that we are very anxious to give our best service.

We have many Serial orders, which we purchase annually, or every several years. In case we purchase them annually, we have a standing order with the publisher to send as issued.

During the war years these publications were so irregular as to the exact time of publication, and our records are so changed, that we fear we are not receiving your Serial at the earliest possible moment after publication, as we are not certain of the date of publication.

Will you please advise us on the enclosed card the usual date of publication, and in case we do not purchase the Serial each year, please designate how far in advance we should order that we may secure it as soon as published. Also how long after publication date should we wait before following for the short?

Hoping you will cooperate with us in our getting your Serial promptly, we remain

Very truly yours

L. A. Eastman

Gentlemen:-

The American Journal of Numismatics has been temporarily suspended. When publication is again resumed we will be pleased to let you know. In the meantime we are publishing a series of Numismatic Monographs which are sent free to our Members. We hope to issue one a month. Would you consider enrolling as an Associate Member to take advantage of these. The dues are but five dollars annually. I could send you those which have appeared on approval if you so desire.

Very truly yours,

Secretary.

We are writing to inquire if any later volumes than Vol. 53 have been published or if you expect to publish again in the future?

We shall appreciate this information for our records.
